 Hi all
 Why is the entire website deleted ...

R Rosa [REDACTED] 1/25/2025, 11:56 AM
 Also access removed. I'm assuming for security reasons ? Doc is hopefully downloaded somewhere

 Are we talking about Google doc? Or website?
 I had to make a new Google doc. The one roza started wasn't saving.
 And I believe website was scrubbed because all the info would need uploaded again anyway

R Rosa [REDACTED] 1/25/2025, 11:57 AM
